

# consumer products

EXPERIENCED PEOPLE • EXCEPTIONAL PROJECTS

FERTILIZERS • POLYMERS & CHEMICALS • PETROCHEMICALS • OIL REFINING • PHARMACEUTICALS • **CONSUMER PRODUCTS** • ENVIRONMENTAL  
INDUSTRIAL & MANUFACTURING • METALS & MINERALS • PULP & PAPER • POWER & ENERGY

At PegasusTSI, we help our clients resolve engineering and technology roadblocks to innovative consumer products development by providing engineering and project management services to enhance manufacturing processes, factory automation, and process control.

**ONE TEAM.  
MANY SOLUTIONS.**

PegasusTSI utilizes an interdisciplinary approach, exploiting our core competencies in process design and engineering, instrumentation, automation and control, and mechanical, electrical, civil, structural and architectural engineering to provide state-of-the-art industrial facilities. We are firm believers in the team approach. Our clients view us as an extension of their own resources making project execution fast and cost effective.

**PROVEN EXPERIENCE.  
COST-EFFECTIVE  
ENGINEERING.**

PegasusTSI has designed facilities for numerous consumer products including:

- Food
- Beverages
- Pharmaceuticals
- Fragrances
- Tobacco

PegasusTSI has helped its clients achieve project success with new technologies by leveraging our experience and proven design expertise coupled with cost-effective engineering methodologies on both new and revamped projects.

PegasusTSI is recognized for its engineering expertise and ability to provide a total engineering solution, its commitment to provide the very best

facility design and its highly experienced personnel. Our mission is to provide the best engineering services with the objective of assisting our customers to achieve maximum production at the least cost. Our flexibility and diversity enables us to react quickly to market and project design changes. PegasusTSI is known for providing world class service in:

- Project & Construction Management
- New Technology Evaluation
- Detailed Engineering
- Safety
- Inspection
- Commissioning & Start-up

*“We truly believe that our biggest market differentiator is captured by the PegasusTSI Mantra - ‘EXPERIENCED PEOPLE • EXCEPTIONAL PROJECTS’. Our clients benefit from our ability to commit highly experienced staff, using our proven project delivery processes to realize exceptional project performance.”*  
Stuart G. Singleton, V.P.
