

## **PegasusTSI Volunteers Cook for Ronald McDonald House Residence and Staff**

PegasusTSI is preparing for their 3<sup>rd</sup> visit to the Ronald McDonald House of Tampa Bay on April 18<sup>th</sup> to participate in the "Prepare a Meal Program" and the "Hold a Pantry Drive."

The "Prepare a Meal Program" takes place on Friday nights and provides a nutritious dinner to the patients and families after a long day at the hospital. Individuals and organizations can help by preparing a meal for the residents of Ronald McDonald House in their spacious kitchen. Participating organizations provide all of the ingredients needed to make the meal, serve the meal and clean up afterwards.

**Ronald McDonald House of Tampa Bay**

The rewards of providing the meal to the families are numerous. PegasusTSI Volunteers prepare the meal, but also have the opportunity to socialize with the families and take a tour of the Ronald McDonald House. It's a great way to get in touch with the local community.

The "Hold a Pantry Drive" is held simultaneously with the "Prepare a Meal Program." PegasusTSI personnel collect non-perishable canned and boxed foods, paper products, cleaning and other household supplies. The residents of the Ronald McDonald House rely on these donations to feed and meet their family's daily needs.

The Ronald McDonald House is a "home away from home" for the families of children receiving treatment at All Children's Hospital. The House has 52 bedrooms accommodating the families of the children and is operated solely on donations. These families need and look forward to a well balanced meal after a long day at the hospital. To learn more visit
