

PegasusTSI Supports Shriners Hospital for Children in Tampa Bay

Christmas 2007 was a great year for three patients of the Shriners Hospital for Children and their families. PegasusTSI was responsible for donating hundreds of presents to the Parks, Tobar and West Families.

PegasusTSI has been actively donating to Shriners each Christmas for the past five years. Kelly Ferguson, of PegasusTSI's Accounting Department, is responsible for the organization and donation of all the gifts. Thank you to all the PegasusTSI Employees who have generously donated gifts and their time over the last five years.

Shriners Hospitals for Children relies on the generosity of donors to help us continue our mission of providing specialized pediatric care at no charge, conducting innovative research and providing world-class teaching programs for physicians and other health care professionals.

Children up to age 18 are eligible for admission to Shriners Hospitals for Children if, in the opinion of our physicians, there is a reasonable possibility they can benefit from the specialized services available. Admission is based solely on a child's medical needs, regardless of financial need.

For patients at Shriners Hospitals, ability to pay or insurance coverage is never an issue. There is no charge for any care or services provided within Shriners Hospitals for Children facilities.

The Tampa Shriners Hospital, located on the University of South Florida campus, is a 60-bed facility that has treated over 36,000 children with orthopedic problems since opening in 1985. To learn more please visit <http://www.shriners.com/>
